1 GENERAL POLICY

1.1 Introduction

These Underwriting Guidelines apply exclusively to loans under the Axos Bank ASI Expanded Mortgage Program (the "Program"), and to no other loan programs from time to time marketed by Axos Bank (the "Purchaser").

If these guidelines are silent on a given subject, please refer to the Fannie Mae selling guide for guidance.

PURCHASER RESERVES THE RIGHT TO ALTER, MODIFY, SUPPLEMENT AND/OR WITHDRAW ANY PORTION OF THESE GUIDELINES AT ANY TIME OR FROM TIME TO TIME. PURCHASER MAY FROM TIME TO TIME IMPOSE CREDIT AND/OR PROGRAMATIC OVERLAYS WITH RESPECT TO ANY LOANS TO BE SUBMITTED FOR PURCHASE UNDER THE PROGRAM. PURCHASER SHALL IN NO EVENT BE REQUIRED TO PURCHASE, OR BE DEEMED TO HAVE AGREED TO PURCHASE, ANY PARTICULAR LOAN IRRESPECTIVE OF WHETHER SUCH LOAN CONFORMS TO THE REQUIREMENTS SET FORTH HEREIN.

1.2 Fair Lending Statement

The Purchaser operates in strict compliance with the provisions of the Fair Housing Act and the Equal Credit Opportunity Act. The Fair Housing Act makes it unlawful to discriminate in housing-related activities against any person because of race, color, religion, national origin, sex, handicap, or familial status. The Equal Credit Opportunity Act prohibits discrimination with respect to any aspect of a credit transaction on the basis of sex, race, color, religion, national origin, marital status, age (provided that the borrower has legal capacity to enter into a binding contract), receipt of public assistance, or because the borrower has in good faith exercised any right under the Consumer Credit Protection Act. The Purchaser fully supports the letter and spirit of both of these laws and will not condone discrimination when it determines whether to purchase any particular loan. It should be noted, however, that all credit decisions with respect to all mortgage loans are made solely by the related originator, and the Purchaser does not participate in such decisions.

1.3 Responsible Lending Statement

The primary focus of this lending program is the borrower's ability to repay the mortgage obligation. Mortgage Loans should be affordable to the borrower in their pursuit of homeownership.

Under the general Ability to Repay (ATR) standard, at or before consummation of the related Mortgage Loan, lenders must make reasonable, good-faith determination that the consumer has a reasonable ability to repay the Mortgage Loan. Lenders must verify information using reasonably reliable third-party records that provide evidence of income or assets.

The Purchaser will not fund or purchase a loan subject to the ATR requirement under TILA unless it meets the requirements of the rule. Certain loans may be exempt from TILA or otherwise exempt from the ATR rule. In those cases, though the Purchaser may choose to purchase a loan that does not adhere to the formal requirements of the ATR rule, the Purchase will only fund or purchase loans that the applicant appears able to afford based on application of prudent underwriting standards.

The lesser of the purchase price or appraised value of the Subject property is used to calculate the LTV.

Sellers must have owned the property more than 6 months. Scenarios that meet the definition of a Flip Transaction as defined in Section 6.1.6 below must meet the requirements provided in that section.

Bank owned REO and Corporate Relocations are eligible and not considered a flip transaction.

Maximum Interested Party Contributions permitted up to 3% for LTV / CLTV =80%, 6% for LTV / CLTV<80%.

6.1.2 Rate / Term Refinance

A Rate / Term Refinance transaction is when the new loan amount is limited to the payoff of a present seasoned twelve (12) months or used as purchase money mortgage first lien mortgage, any seasoned non-first lien mortgages, closing costs and prepays, or a court ordered buyout settlement.

A seasoned non-first lien mortgage is (1) a purchase money mortgage or (2) a closed end or HELOC mortgage that has been in place for more than twelve (12) months and/or not having any draws greater than \$2,000 in the past twelve (12) months.

- Withdrawal activity must be documented with a transaction history from the HELOC

Limited cash to the Borrower must not exceed the greater of \$2,000 or 1% of the principal amount of the new mortgage to be considered a Rate / Term refinance.

If the property is owned less than six (6) months at the time of application, the LTV / CLTV will be based on the lesser of the original purchase price plus improvements or current appraised value. The prior settlement statement will be required for proof of purchase price. Proof of improvements is required.

- There is no waiting period if the lender documents that the Borrower acquired the property through an inheritance or was legally awarded the property (divorce, separation, or dissolution of a domestic partnership). If the Borrower acquired the property at any time as a gift, award, inheritance or other non-purchase transaction, the LTV will be based on the current appraised value. The lender must obtain appropriate documentation to verify the acquisition and transfer of ownership

Properties that have been listed for sale by the Borrower within the past six (6) months from the loan application date are not eligible without additional review. Additional conditions may apply. Contact the Purchaser for pre-approval.

The rate / term refinance of a construction loan is eligible with the following conditions:

- ✓ If the lot was acquired twelve (12) or more months before applying for the subject loan, the LTV / CLTV is based on the current appraised value of the property
- ✓ If the lot was acquired less than twelve (12) months before applying for the construction financing, the LTV / CLTV is based on the lesser of (i) the current appraised value of the property and (ii) the total acquisition costs.

Refinance of a previous Cash-Out seasoned < 1 year will be considered Cash-Out refinance.

Refinancing of a Land Contract is considered a purchase and LTV / CLTV should be calculated using purchase price.

6.1.3 Cash-Out Refinance

A Cash-Out Refinance transaction allows the Borrower to pay off the existing mortgage by obtaining new financing secured by the same property or allows the property owner to obtain a mortgage on a property that is currently owned free and clear. The Borrower can receive funds at closing if they do not exceed the program requirements.

To be eligible for a Cash-Out Refinance the Borrower must have owned the property for a minimum of six (6) months prior to the application date.

Properties listed for sale by the Borrower within the last twelve (12) months are not eligible.

If the property is owned less than twelve (12) months but greater than six (6) months at the time of application, the LTV / CLTV will be based on the lesser of the original purchase price plus documented improvements, or current appraised value. The prior settlement statement will be required for proof of purchase price.

Refinance of a previous Cash-Out seasoned < 1 year will be considered Cash-Out refinance.

Refinancing of a Land Contract is considered a purchase and LTV / CLTV should be calculated using purchase price.

6.1.4 Continuity of Obligation

Continuity of obligation occurs on a refinance transaction when at least one of the Borrower(s) (or members of the LLC) on the existing mortgage is also a Borrower on the new refinance transaction secured by the subject property. If vesting will be held in the entity/LLC, all members must be borrowers; up to a maximum of four (4) owners.

When an existing Mortgage will be satisfied because of a refinance transaction, the following requirements must be met:

6.1.5 Subordinate Financing

New subordinate financing (institutional) allowed for purchase transactions only.

Primary residences only.

If a HELOC is present the LTV / CLTV must be calculated by dividing the sum of the original loan amount of the first mortgage, the line amount of the HELOC (whether there have been any draws), and the unpaid principal balance of all other subordinate financing by the lower of the property's sales price or appraised value.

All subordinate loan obligations must be considered, verified, and considered when calculating the Borrower's DTI.

If the subordinate financing is a HELOC secured by the subject property, monthly payments equal to the minimum payment required under the HELOC terms considering all draws made on or before closing of the subject transaction.

For closed-end fixed rate, fully amortizing simultaneous loans, the qualifying payment is the monthly payment.

Interest Only not permitted.

Existing subordination is permitted on refinances.

6.1.6 Flip Transactions

When the subject property is being resold within three hundred sixty-five (365) days of its acquisition by the seller and the sales price has increased more than ten (10%), the transaction is considered a “flip”. To determine the three hundred sixty-five (365) day period, the acquisition date (the day the seller became the legal owner of the property) and the purchase date (the day both parties executed the purchase agreement) should be used.

Flip transactions are subject to the following requirements:

All mortgages and rental payments should be current at time of closing. If the credit report or VOR/VOM reflects a past-due status, updated documentation is required to verify the account is current.

- This includes loan qualifying through Expanded DSCR even if the account showing the delinquency is not the subject or primary residence.

Housing history evidenced by twelve (12) months proof of payment via cancelled checks, bank debits or institutional VOR.

- Private Party VORs / VOMs may be considered on a case-by-case basis. Please contact the Purchaser for pre-approval.

LOE or rent-free letter is required when a twelve (12) month housing history is not applicable.

Past due balloon will be considered a delinquency (1x30) and not a housing event, but only within one hundred eighty (180) days of maturity.

- ✓ Defaulted timeshares – Timeshares including delinquencies are treated as installment loans and not a housing event

8 INCOME DOCUMENTATION

Unless otherwise noted in the Program Guidelines or in a specific Program Matrix, all borrowers should have a two-(2) year income history from employment or other allowable sources. The expectation is that income year over year is stable or shows a trend with a gradual increase. This type of income should be averaged for the borrower(s) gross monthly income used to qualify. A reasonable expectation should be present that the borrower(s) source(s) of income will continue for the foreseeable future.

In cases where a borrower(s) income is declining or shows unusual or unexpected fluctuation, careful consideration must be given to the income being reviewed and the reason for the decline or fluctuation. Proper discretion must be exercised to determine the extent or probability of impairment of the borrower's income and earning ability moving forward. Conservatively, the lesser income should be used when a declining situation is present. A letter of explanation is required from the borrower(s) to support the circumstances. Borrowers that show continued declining income without a reasonable explanation or proof that the trend will not continue are not eligible to use that income for qualification.

Income documented through Alternative Documentation programs may be combined with other income sources that are documented as Full Documentation but not associated with self-employment, such as a spouse employed as a wage earner. When wage income is combined with Alternative Documentation, a tax return is not required as this would invalidate the bank statements. Form 4506-C is still required; however, Box 8 should be checked to obtain a transcript of the W-2 earnings only.
